

LET`S CHANGE THE WORLD!

About us

Charitable Organization “Charitable foundation im. Khidiriana Oganesa Misakovycha” – over 7 years we support development of Ukraine by implementing diverse programs in the field of culture, sports, education and social support. Our projects cover problems of various socially vulnerable groups of the population and are aimed at support and assistance to talented young generation and support of spiritual development of inhabitants of Poltava oblast.

We always involve local agencies and institutions of social and spiritual direction for implementation of our tasks, as well as local population, which helps us to unite people of different social status, age with an idea of kindness and mercy. We highlight all our projects and achievements both at the website of the Foundation and in social networks, which is a confirmation of our openness and sincerity.

Activity of the Fund was always built and will continue to be built on transparency and mutual respect. All funds received will exclusively be used for the stated purpose. By request, every partner and volunteer will receive financial reporting on the use of his charitable funds.

Charity Today

Before the beginning of invasion by the aggressor country, in particular, before 24 February 2022, our activity was mainly focused at problems and requests of Poltava, Sumy and Chernihiv oblasts.

However, war time brings its adjustments into both life and activity of all Ukrainians. Therefore, our efforts were also expanded into other oblasts that suffered most from malicious actions of the occupants in the first days of war time.

Humanitarian aid to internally displaced persons from Donetsk, Luhansk and Kharkiv regions

Our Charity Fund, together with partners, provided humanitarian help to internally displaced persons from Donetsk, Luhansk and Kharkiv regions, as well as to large families living in the settlements: Pyryatyn, Chornukhy and Velyki Kruchi of the Poltava region. 640 food kits, almost 10 tons of food, were handed over to the needy.

Humanitarian aid to Myrhorod

At the request of the Myrhorod District Council, Charitable Organization “Charitable foundation im. Khidiriana Oganesa Misakovycha” provided humanitarian help to the local people: clothing for children and adolescents, shoes, diapers, children's toys and clothing for adults.

Smiling faces and sincere words of gratitude once again confirm that we are doing good and necessary deeds for the people of Ukraine!

Help to residents of Mykolayiv region

Together with our reliable partners, we have delivered aid to one of the hottest regions of our country to support those who are in dire need, as well as to the delight of young Ukrainians who have been forced to flee their homes.

Together with our permanent partners, Pyriatynskiy Delikates LLC and Ukroliya LLC carried out the first stage of transferring humanitarian food aid to the residents of Mykolayiv.

Affected residents of the city received the necessary goods: delicious semi-finished products, canned food and oil.

Social project “Library of Dreams”

Charitable Organization “Charitable foundation im. Khidiriana Oganesa Misakovycha” together with the partners of AGR Group visited the Pyriatyn district of Poltava region, where internally displaced persons from Donetsk and Luhansk regions are currently staying. Thanks to the social project Library of Dreams, we were able to provide children in social shelter with educational and entertainment literature for different age groups. Toys were also presented to the children.

We really hope that our small gifts will brighten up the little ones in this difficult time.

Our activities before the war

For more than 7 years of its work, our Charity Fund has been actively supporting medical institutions of Poltava, Chernihiv and Sumy regions as well as boarding schools, kindergartens, colleges in Poltava region, providing targeted support to socially vulnerable groups. Recipients include: Pyriatyn Central District Hospital, Seredyna-Bud District Hospital, Novhorod-Siversky Central District Hospital, Semenivka District Center for Primary Health Care, Lokhvytsia Central District Hospital, Luhansk Hospital and Poltava Oblast Schools and Kindergartens.

For its active support of communities in the Poltava region in 2021 the Foundation was recognized as the winner in the nomination "Regional Charity" in the competition "Charitable Poltava-2020" held within the traditional National Competition "Charitable Ukraine", organized annually by the Association of Philanthropists of Ukraine

Our Goal

**Charitable Organization
“Charitable foundation im.
Khidiriana Oganesa
Misakovycha” is looking for
partners to implement a
program to support internally
displaced families in Poltava
region.**

The Foundation has launched a program to support internally displaced families and plans to continue to provide ongoing assistance to internally displaced families who have been forced to leave their homes due to the war and have found protection and shelter in Hrebinka, Lohvytsia, Pyriatyn and Velyki Kruchi, Poltava region. To date, more than 700 families have received targeted assistance from the Foundation through this program.

An important feature of this program is that the Fund through its own efforts not only seeks the necessary humanitarian aid, but also provides its targeted distribution to every internally displaced family in need. So each food package is given directly to an internally displaced family in need. Thanks to the cooperation with local governments, which has been going on for over 7 years, the Foundation receives up-to-date and accurate information on the number of internally displaced families and their basic needs in cities, towns and villages of the Poltava region.

To ensure the stable implementation of this program, the Foundation is looking for partners who could join it.

You, your friends, or your company can join this program by transferring funds to the Fund's accounts for the purchase of necessary food, goods, or by providing foodstuffs or long-term storage food, baby food, medicines, personal care products for adults and children, underwear, clothing, and other goods for children and adults to meet the basic needs of internally displaced families in the above cities and villages of the Poltava region.

For its part, the Fund guarantees that all funds received / food / items / and other goods within this program will be used to purchase the necessary goods / items and will be distributed through the Fund to every family in need. Also, you, your company will be added to the list of partners that help in the implementation of the program, and upon your request you will be provided with a report on the use of funds and a report on targeted assistance to the internally displaced families.

Together we can help more families!
